

AZKAR RELIES IN MAN AGAIN

This year, Azkar, repeats the collaboration with MAN, with the awarded "Green Truck 2011" TGX EfficientLine.

18th August of 2011.- Azkar, the lead logistics provider for the Iberian Peninsula and the Islands, has signed an agreement of collaboration with MAN for the official transportation of La Vuelta Ciclista España 2011.

With the 27 MAN TGX EfficientLine with XLX cab, designed as a cab for long-distance transportation, Azkar will take care one more year of the logistics and transportation in the Vuelta Ciclista a España. This model of MAN is the ideal mate for Azkar to carry out successfully the hard work, for third consecutive year, that represents the transportation of all structures of La Vuelta Ciclista a España 2011.

MAN TGX EfficientLine not only cares about the economy but also for the environment. With an equipment designed for gaining maximum efficiency, the TGX tractor save, in practical, up to 3 liters of diesel. Therefore it has been awarded as a "Green Truck Award" 2011 by the prestigious German magazine "VerkehrsRundschau" and "Trucker".

With this cooperation, Azkar and MAN reinforce the commercial relationship and the commitment that both companies maintain for several years.

On Saturday, August 20th, the 27 units met in Benidorm, where the large event kicks off to his journey through the different sites of the Spanish territory for three weeks to arrive in Madrid on Sunday, September 11th, to put an end to this great event.
