

AZKAR INTEGRATES THE DISTRIBUTION CENTER OF CORDOBA

Azkar continues developing its strategic objectives

27th January 2010.- Azkar, the comprehensive logistics operator, leader in the Iberian Peninsula and islands, pursuing its strategic objective to strengthen its leadership in the Spanish distribution market, has integrated a new distribution centre in Córdoba within the structure of its own branches.

Located on Las Quemadas Industrial Estate in Córdoba city, the distribution centre occupies a 3,700 square metre plot with a total constructed area of 2,510 square metres, 260 of which are for use as offices and services, along with 32 bays for loading and unloading vehicles.

At this centre, the tasks are carried out by 28 professionals. There are 8 bays for loading and unloading vehicles of route and 14 for deliveries. It has a fleet of 13 vehicles of its own for collections and delivery.

AZKAR offers its customers a powerful international network for the management of imports and exports of goods, from any origin or destination in the world outside Europe, through Azkar Overseas, as in Europe traffic through Azkar Overland, or at the Iberian Peninsula and islands. The company has 73 facilities in Spain and Portugal, more than 500,000 m² built on more than 1 million m² of land, 5,000 employees and a fleet of 2,400 trucks.
