

AZKAR, ONE AGAIN, THE OFFICIAL TRANSPORT OF LA VUELTA A ESPAÑA

This year La Vuelta starts with a night time race.

25th August of 2009.- Unipublic, the organizing company of *La Vuelta Ciclista España*, following the success of last year, once again has relied the transportation by road of the structures in the AZKAR's experience and international coverage.

In its 75th anniversary, La Vuelta has a memorable start, this year the VIP trucks, podium, hoarding, press trucks, load trucks... of La Vuelta will begin with the Maestranza in Sevilla with a new night time race.

AZKAR, besides the flexibility and reliability in the transportation, distribution and contract logistics, is committed by the promotion and development of the sports in different categories and has come supporting the cycling for the values that it transmits. Herby, Azkar, besides being the official transport, is the sponsor of La Vuelta.

AZKAR is a Integral and International Logistics Operator of first magnitude, leader in the Iberian Peninsula and Islands and with a total coverage in Europe, capable of giving services to its customers in the entire supply chain, with wide range of services in different sectors of activity, for the transport and distribution as well as for operations of contract logistics outsourcing, from the very origin of the cargoes in any location of the world to the last mile of their final distribution by road in Europe.

Today, the Azkar has facilities that occupy 1,046,123m², a fleet of more than 2,400 vehicles and, especially, stands out for the professionalism and dedication of more than 5,000 people who work for the Company.

La Vuelta will start this Saturday, the 28th in the Sevilla and will finish on September 19 in Madrid.
